OCEAN, BAR, BAY, DOCK AND RIVER

The Hammond liner, Geo. W. Fenwick, laden with 3100 tons of grain, taken on at Portland, and 200,000 feet of lumber loaded at the Hammond Lumber Company's docks at the Tongue, cleared from this port yesterday, and left down at 4 o'clock p. m. outward bound, but it is not known whether she made it over the bar or not. She goes to San Francisco, this trip.

After due examination by a diver, sent below to fathom the mysterious impediment which has lately been bothering the dredge William S. Ladd, that vessel left up yesterday afternoon for St. John's, where she will go on the dry-dock for a sharp overhauling.

The steamship Breakwater with freight and passengers, was among the sea-going craft out of this port yesterday morning, bound for Coos Bay.

The steamer Asuncion entered port yesterday evening, and went on to the metropolis at once, with a cargo of fuel oil.

The steamer Alliance is due in from Coos waters this morning early, en route to Portland.

The steamer Yosemite lumber laden for the Bay City, came down the river yesterday morning and went below, bound outward.

The steamers South Bay and Jim Butler are both due in this port from San Francisco, tomorrow evening or early on Sunday morning.

The steamship Rose City is due down the river at midnight tomorrow, and will leave the O. R. & N. docks immediately for the Golden Gate.

The steamer Majestic got away over the bar yesterday afternoon, en route to San Francisco, with lumber.

The steamer Bowdoin did not leave out from the lower harbor until yesterday afternoon, San Francisco bound.

When the Lurline went up stream last evening, she had the following names on her register, out of this: Miss Jennie Williams, D. B. Atkinson, C. W. Simon, L. W. Van Fleet, B. G. Gardiner.

The steamer Sue H. Elmore is momentarily expected in from Tillamook Bay points, for this port and Portland.

Later—The steamer Sue H. Elmore arrived in last night, with her hold full of freight and her limit of passengers, and will leave up this morning early for Portland. Captain Schroeder reported a three masted oil tank steamer off the bar as he came in.

The steamer Argo went to sea and Tillamook yesterday morning.

TEXAS GOLF TOURNAMENT

GALVESTON, Texas, March 25.—The biggest golf event of the year in the Southwest began on the links of the Galveston club this morning and will continue through the remainder of the week. The event is the fourth annual tournament of the Texas Golf Association. All the leading golf clubs of the State are included in the membership of the association and the competition for honors in this year's tournament promises to be unusually keen. Play began promptly at 8:30 this morning with the qualifying round for the championship.

CAPONI WINS

CHICAGO, March 2.—Tony Caponi won the decision over Bobby Burns of San Francisco in a fast ten round bout at West Hammond last night. Burns was substituted for Cal Anderson, who broke his hand in a workout with Frank Childs. The San Franciscan made matters interesting for Tony, although he was unable to break through the Chicagoan's guard.

NEW TO-DAY

The Great Vacuum Cleaner for cleaning all kinds of carpets and rugs on the floor; satisfaction guaranteed or no charge. Gus Nelson, Phone Main 531.

BOARD ACTED UNWISELY IN RECEDING

CONCESSIONS TO WILLAMETTE AND CLACKAMAS FISHERMEN AN INJUSTICE TO THE INDUSTRY.

The Oregon Board of Fish Commissioners is held to have acted unwisely in granting the claim of the Willamette and Clackamas rivers fishermen for its recession from the recent order made by it extending the closed season on those streams and their tributaries, from April 15th to May 1st, and including the Lewis & Clark and Young's rivers. Fishermen here declare that the board was not only unwise in conceding anything they had already ordained under the law as applied to their work and jurisdiction, on account of the weakening of its general authority; but that in doing so they permit the salmon, on its way to the spawning grounds for breeding purposes, to be met, caught and killed by the fishermen up there, while down here they are permitted to go by the fish centers safe and well speeded to their up-river nooks. A piece of far-fetched discrimination that hurts the fish as well as the fishermen, denies the privilege that others are granted, and in a season when all rules should be manifestly and squarely applied.

That the Willamette and Clackamas operators have been in the habit of doing a thriving business during that particular period heretofore is no reason why they should be exempted, in whole or in part, from the general restrictions laid down, to expressly save the fish from molestation at this time of the year.

No one down this way can fathom the reason for nullifying the law in this fashion, and the feeling is naturally resentful because of the rank injustice done the craft on the lower river and the special privilege granted the people in the upper streams, whose sole claim appears to be founded upon the very success that it is now desired to mitigate in the interest of the whole industry. And the board and the warden are likely to hear from the fishermen down this way before it is through with.

FOR POOL CHAMPIONSHIP

CHICAGO, Ill., March 25.—Two of the most skillful players of 15-ball pool in the world are to begin a world championship pool match at Mussey's academy in this city tonight. They are Thomas Nueston, the present champion, and Charles Weston of Pittsburg. The match requires the winner to pocket 600 balls, and will last three nights 200 balls being played each night.

It is a genuine championship contest. Nueston having formally challenged by Weston, while a championship emblem has been offered by a billiard manufacturing concern. Both men have been practicing in Chicago for several weeks, and are in good condition. The indications are that the tournament will draw big crowds.

ROLLER SKATING RIOT

Regular Donnybrook Fight Occurs In Moutana Town.

BUTTE, Mont., March 25.—The six day roller skating race ended last night in a small riot in which two arrests were made by the police. Through a misunderstanding the racers failed to note the signal of the end of the race and sped on. While endeavoring to make a sharp turn Shortz of Salt Lake swerved too acutely and barely saved himself from a fall by grabbing Bradford of Butte. Bradford shook Shortz from him, sending him sprawling on the floor. At this Shortz's partner, Hardy, jumped into the mixup and sent Bradford tumbling over the floor. The crowd, noting that the racers were still going, despite the signal to stop, apparently thought some one was being wronged, and as a mob surged on to the course the fight began. The race ended with the Salt Lake and Butte teams on even footing.

PRESS ASSOCIATION

TORONTO, Ont., March 25.—Newspaper editors and publishers from all over the Dominion have gathered in Toronto to take part in the annual meeting of the Canadian Press Association. The gathering was formally opened today and the sessions will continue through Friday and Saturday. An attractive programme combining business and entertainment has been prepared for the convention. At the business sessions numerous questions of importance are scheduled for consideration.

HE IS BIASED

What a Coffee Planting Porto Rican Has to Say on the Tariff.

WASHINGTON, March 25.—That Porto Rico was governed better under Spanish rule than under American administration, that the Spanish-American War and the consequent occupation of the island by the United States, has ruined the coffee industry, the most important in the island and that the executive council, composed largely of Americans, is responsible entirely for the present crisis, were the declarations made last night by Luis Munoz Rivera, Chairman of the commission now here. The commission was appointed by the House of Delegates to lay before President Taft, Congress and the American people, the reasons for the existing conditions in the island and to ask for concessions from this country, both in regard to the form of government for the island and on the tariff proposition.

Commissioner Rivera claimed that all the Porto Ricans, ask for is justice, and that the Americans are not giving them this. He said that the House of Delegates has been made practically a nonentity by the executive council, corresponding to the upper house and that the upper body refused to listen to the House of Delegates in the recent extraordinary session of the Porto Rican Congress. Commissioner Larranaga delegate from Porto Rico to Congress, will endeavor today to arrange for an interview for the commission with President Taft. In regard to the tariff on coffee he declared that as a result of the American occupation of the island the price of the article had decreased from \$35 to \$9 a hundred pounds, all its foreign markets having been taken away as a result of the American tariff laws.

THREE HUMAN HEADS

SAN FRANCISCO, March 2.—A special from Sacramento states that three human heads were exposed when an express package was accidentally broken open at the depot there. The package was addressed to Dr. M. G. Varian of Corman and was sent from a medical school in Philadelphia. Dr. Varig who is a physician for the Balakala Copper Company of Coram, has claimed his property and entered a vigorous protest against the proposal of the Sacramento coroner to hold three separate inquests over the heads.

SHREWD SMUGGLERS

NEW YORK, March 25.—Customs house officers believe they have discovered a novel method of smuggling goods ashore. It is charged that a trunk containing goods valued at \$5,000 was swung ashore from the American liner Philadelphia recently by means of a wire and pulley. By this method a trunk or box might be hoisted quietly from a vessel and carried along the wire to an adjoining pier where there was no boat and consequently no customs inspectors. How often this scheme has been worked is a matter of conjecture.

Robert Schwartz, baggagemaster of the American line, was arrested yesterday and another employe of the club was detained as a witness. Both men were locked up in the Tombs.

ALL FOR PEACE

WASHINGTON, March 25.—Speeches were made and resolutions adopted last night at a meeting held in the first Congregational church in this city favoring the idea of settling all the troubles between labor and capital by peaceful means. The meeting was under the auspices of the National Industrial Peace Association.

Patrick H. Scullin, organizer of the association being one of the speakers. Justice Stafford and Rev. Dr. Woodrow, pastor of the church also spoke. President Needham of George Washington University presided. The resolutions urged on Congress and the American people the benefit to be derived from industrial peace.
